## Product Datasheet

### Human Pepsinogen A (PG-A) ELISA Kit ASC-KTE61239

Article Name	Human Pepsinogen A (PG-A) ELISA Kit
Biozol Catalog Number	ASC-KTE61239
Supplier Catalog Number	KTE61239
Alternative Catalog Number	ASC-KTE61239-48, ASC-KTE61239-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Pepsinogen A (PG-A) ELISA Kit employs a two-site sandwich ELISA to quantitate PG-A....
Range	Please inquire
Sensitivity	Please inquire
Tag	PG-A
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Pepsinogen A (PG-A) ELISA Kit employs a two-site sandwich ELISA to quantitate PG-A in samples. An antibody specific for PG-A has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PG-A present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PG-A is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PG-A bound in the initial step. The color development is stopped and the intensity of the color is measured.
