Product Datasheet

Human Platelet-derived growth factor subunit B (PDGFB) ELISA Kit ASC-KTE61271

Article Name	Human Platelet-derived growth factor subunit B (PDGFB) ELISA Kit
Biozol Catalog Number	ASC-KTE61271
Supplier Catalog Number	KTE61271
Alternative Catalog Number	ASC-KTE61271-48, ASC-KTE61271-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Platelet-derived growth factor subunit B (PDGFB) ELISA Kit employs a two-site sandwich ELISA to quantitate PDGFB....
Range	Please inquire
Sensitivity	Please inquire
Tag	PDGFB
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Platelet-derived growth factor subunit B (PDGFB) ELISA Kit employs a two-site sandwich ELISA to quantitate PDGFB in samples. An antibody specific for PDGFB has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PDGFB present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PDGFB is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PDGFB bound in the initial step. The color development is stopped and the intensity of the color is measured.
