Product Datasheet

Mouse Vitamin A (VA) ELISA Kit ASC-KTE70032

Article Name	Mouse Vitamin A (VA) ELISA Kit
Biozol Catalog Number	ASC-KTE70032
Supplier Catalog Number	KTE70032
Alternative Catalog Number	ASC-KTE70032-48, ASC-KTE70032-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Mouse
Product Description	This Mouse Vitamin A (VA) ELISA Kit employs a two-site sandwich ELISA to quantitate VA....
Range	Please inquire
Sensitivity	Please inquire
Tag	VA
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Mouse Vitamin A (VA) ELISA Kit employs a two-site sandwich ELISA to quantitate VA in samples. An antibody specific for VA has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any VA present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for VA is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of VA bound in the initial step. The color development is stopped and the intensity of the color is measured.
