| Manufacturer               | Abbkine Scientific                                                                                                              |
| Category                   | Proteine/Peptide                                                                                                                |
| Product Description        | Human IL-37 Protein, His tag (Animal-Free), expressed in E. coli...                                                             |
| Molecular Weight           | 18.7 kDa                                                                                                                        |
| Tag                        | IL-37                                                                                                                           |
| UniProt                    | <a href="#">Q9NZH6</a>                                                                                                          |
| Purity                     | > 95% as determined by SDS-PAGE.                                                                                                |
| Form                       | The protein was lyophilized from sterile PBS, pH 8.0. If you have any concerns or special requirements, please confirm with us. |
| Sequence                   | Amino acid sequence derived from Human IL-37 (Lys53-Asp218) (Q9NZH6) was expressed with 6*His tag at the C-terminus.            |
| Application Notes          | Human                                                                                                                           |
