| Immunogen                  | Protein A from Staphylococcus aureus                                                                                                                                                                                                                          |
| Product Description        | Protein A (PA) is a 42 kDa surface protein originally found in the cell wall of the Gram positive bacteria Staphylococcus aureus. It has the specific ability to bind with the constant (Fc) portion of immunoglobulin molecules from various different sp... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [ABM4B3.1G3]                                                                                                                                                                                                                                                  |
| Purity                     | Protein G Chromatography                                                                                                                                                                                                                                      |
| Form                       | Purified                                                                                                                                                                                                                                                      |
| Target                     | Protein A                                                                                                                                                                                                                                                     |

|                    |                                                                                                                                |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | Recommended dilutions: WB: 0.1-1 µg/ml, ELISA: 1 µg/ml. However, this need to be optimized based on the research applications. |
