| Manufacturer               | Abeomics                                                                                                         |
| Host                       | Rabbit                                                                                                           |
| Category                   | Antikörper                                                                                                       |
| Application                | IHC, WB                                                                                                          |
| Species Reactivity         | Human                                                                                                            |
| Immunogen                  | A partial length recombinant Granzyme B protein (amino acids 1-200) was used as the immunogen for this antibody. |
| Clonality                  | Polyclonal                                                                                                       |
| NCBI                       | <a href="#">3002</a>                                                                                             |
| UniProt                    | <a href="#">P10144</a>                                                                                           |
| Purity                     | Protein A Chromatography                                                                                         |
| Form                       | Purified                                                                                                         |
| Target                     | Granzyme B                                                                                                       |
| Application Dilute         | Western blot analysis: 2-4 µg/ml, Immunohistochemical analysis: 20 µg/ml                                         |
