## Product Datasheet

### **Phospho-Akt1 (Ser473) (Clone: C7) rabbit mAb FITC conjugate, Clone: [AktS473-C7], Rabbit, Monoclonal ABI-12-4015-10**

|                            |                                                                                                                                                                                                                                                               |

| Species Reactivity         | Human, Mouse                                                                                                                                                                                                                                                  |
| Immunogen                  | A synthetic phospho-peptide corresponding to residues surrounding Ser473 of human phospho Akt1                                                                                                                                                                |
| Conjugation                | FITC                                                                                                                                                                                                                                                          |
| Product Description        | Akt also known as PKB (Protein kinase B) or RAC-PK (Related to the A and C kinases) is a serine/threonine kinases that contains a pleckstrin homology (PH) domain. This protein kinase is activated by insulin and various growth and survival factors to ... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [AktS473-C7]                                                                                                                                                                                                                                                  |
| Form                       | Conjugated                                                                                                                                                                                                                                                    |

|                    |                                                                                                                                                                                                                                                                |

| Application Dilute | For flow cytometric staining, the suggested use of this reagent is 5 $\mu\text{L}$ per million cells or 5 $\mu\text{L}$ per 100 $\mu\text{L}$ of staining volume. It is recommended that the reagent be titrated for optimal performance for each application. |
