| Application                | ELISA                                                                                                                                                                                                                                                         |
| Product Description        | Specificity: Anti-SARS-CoV-2 Nucleocapsid, clone NP1-B9, specifically targets an epitope on the SARS-CoV-2 nucleocapsid protein. Futhermore, it is reported to bind to the oligomerization domain of the N protein. Antigen Distribution: The nucleocapsid... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [NP1-B9]                                                                                                                                                                                                                                                      |
