| Category                   | Kits/Assays                                                                                                                                                                                                                                                |
| Application                | ELISA                                                                                                                                                                                                                                                      |
| Species Reactivity         | Rat                                                                                                                                                                                                                                                        |
| Product Description        | This Rat Aquaporin 2, Collecting Duct (AQP2) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates, cell lysates and other biological fluids . This product is for Research Use Only.... |
| Range                      | 0.625-40ng/mL                                                                                                                                                                                                                                              |
| Sensitivity                | 0.235ng/mL                                                                                                                                                                                                                                                 |
| Samples                    | tissue homogenates, cell lysates and other biological fluids                                                                                                                                                                                               |
| Target                     | Rat Aquaporin 2, Collecting Duct (AQP2)                                                                                                                                                                                                                    |
| Application Notes          | Assay Length: 4.5 hours. Experimental Method: Sandwich                                                                                                                                                                                                     |
