| Product Description        | This Rat Pyruvate Dehydrogenase Kinase Isozyme 2 (PDK2) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research ... |
| Range                      | 78.1-5000pg/mL                                                                                                                                                                                                                                                |
| Sensitivity                | 35.6pg/mL                                                                                                                                                                                                                                                     |
| Samples                    | serum, plasma, tissue homogenates and other biological fluids                                                                                                                                                                                                 |
| Target                     | Rat Pyruvate Dehydrogenase Kinase Isozyme 2 (PDK2)                                                                                                                                                                                                            |
| Application Notes          | Assay Length: 4.5 hours. Experimental Method: Sandwich                                                                                                                                                                                                        |
