| Category                   | Kits/Assays                                                                                                                                                                                                                                                   |
| Application                | ELISA                                                                                                                                                                                                                                                         |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Product Description        | This Human Peptidoglycan Recognition Protein 2 (PGLYRP2) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates, urine and other biological fluids . This product is for R... |
| Range                      | 15.6-1000pg/mL                                                                                                                                                                                                                                                |
| Sensitivity                | 4.75pg/mL                                                                                                                                                                                                                                                     |
| Samples                    | serum, plasma, tissue homogenates, urine and other biological fluids                                                                                                                                                                                          |
| Target                     | Human Peptidoglycan Recognition Protein 2 (PGLYRP2)                                                                                                                                                                                                           |
| Application Notes          | Assay Length: 4.5 hours. Experimental Method: Sandwich                                                                                                                                                                                                        |
