| Category                   | Kits/Assays                                                                                                                                                                                                                                 |
| Application                | ELISA                                                                                                                                                                                                                                       |
| Species Reactivity         | Human                                                                                                                                                                                                                                       |
| Product Description        | This Human Hephaestin (HEPH) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Range                      | 1.56-100ng/mL                                                                                                                                                                                                                               |
| Sensitivity                | 0.57ng/mL                                                                                                                                                                                                                                   |
| Samples                    | serum, plasma, tissue homogenates and other biological fluids                                                                                                                                                                               |
| Target                     | Human Hephaestin (HEPH)                                                                                                                                                                                                                     |
| Application Notes          | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                        |
