| Category                   | Kits/Assays                                                                                                                         |
| Application                | FA                                                                                                                                  |
| Species Reactivity         | All                                                                                                                                 |
| Product Description        | This is a metabolite assay kit for the Detection and Quantification of D-Lactate content. This product is for Research Use Only.... |
| Range                      | 0.5 mmol/L - 50 mmol/L                                                                                                              |
| CAS Number                 | [10326-41-7]                                                                                                                        |
| Samples                    | Serum, Plasma, Cell culture media, Other biological fluids                                                                          |
| Application Notes          | Detection Method: Colorimetric. Platform: Microplate reader 450 nm                                                                  |
