| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                                   |
| Conjugation                | Unconjugated                                                                                                                                                                                                        |
| Product Description        | Seems to bind protein kinase C acting as an intracellular receptor to anchor the activated PKC to the cytoskeleton. May be involved in up-regulation of the activity of kinases such as PKC via binding to KRT1.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                          |
| Molecular Weight           | Calculated MW: 35 kDa, Observed MW: 35 kDa                                                                                                                                                                          |
| NCBI                       | <a href="#">10399</a>                                                                                                                                                                                               |
| UniProt                    | <a href="#">P63244</a>                                                                                                                                                                                              |
| Buffer                     | 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% BSA                                                                                                                               |
