| Alternative Catalog Number | USB-012058-2.5                                                                                                                                                                          |
| Manufacturer               | US Biological                                                                                                                                                                           |
| Category                   | Biochemikalien                                                                                                                                                                          |
| Product Description        | FK-506 impurity. A new macrolite of thermal rearrangement of the immunosuppressant FK-506. Form: White to Pale Yellow Solid Melting Point: 115-120C Solubility: Chloroform, Methanol... |
| Molecular Weight           | 804.02                                                                                                                                                                                  |
| Form                       | White to Pale Yellow Solid                                                                                                                                                              |
| CAS Number                 | [131944-48-4]                                                                                                                                                                           |
