| Alternative Catalog Number | USB-012238-10                                                                                                                                                                                    |
| Manufacturer               | US Biological                                                                                                                                                                                    |
| Category                   | Biochemikalien                                                                                                                                                                                   |
| Product Description        | Mitoxantrone derivative, used in the preparation of Mitoxantrone analogues useful as stem-loop structure stabilizing ligand. Form: Dark Purple Solid Solubility: Dimethyl Sulfoxide, Methanol... |
| Molecular Weight           | 360.34                                                                                                                                                                                           |
| Form                       | Dark Purple Solid                                                                                                                                                                                |
| CAS Number                 | [1195810-93-5]                                                                                                                                                                                   |
