| Category                   | Molekularbiologie                                                                                                                                                                                                                                             |
| Product Description        | Enoyl Coenzyme A hydratase, short chain 1 mitochondrial, also known as ECHS1, is a member of the hydratase/isomerase superfamily. It localizes to the mitochondrial matrix. Expressed in muscle, liver and fibroblasts, with low expression in kidney and ... |
| Molecular Weight           | 30.6                                                                                                                                                                                                                                                          |
| NCBI                       | <a href="#">08906</a>                                                                                                                                                                                                                                         |
| Purity                     | 95% (SDS-PAGE)                                                                                                                                                                                                                                                |
| Form                       | Supplied as a liquid in 20mM Tris-HCl, pH 8.0, 1mM DTT, 100mM sodium chloride, 20% glycerol.                                                                                                                                                                  |
