| Product Description        | (3R,5S)-5-(6-Cyclopropyl-10-fluoro-7,8-dihydrobenzo[k]phenanthridin-8-yl)-3,5-dihydroxypentanoic Acid Sodium Salt is an impurity of Pitavastatin (P531000), a competitive inhibitor of HMG-CoA reductase. Antilipemic. Molecular Formula: C <sub>25</sub> H <sub>23</sub> FNNaO <sub>4</sub> Sol... |
| Molecular Weight           | 443.44                                                                                                                                                                                                                                                                                              |
| Form                       | Supplied as a Pale Yellow Solid                                                                                                                                                                                                                                                                     |
