| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA                                                                                                                                                                                                                                                         |
| Immunogen                  | Synthetic peptide corresponding to rat Catestatin.                                                                                                                                                                                                            |
| Product Description        | Catestatin is a 21-amino acid residue, cationic and hydrophobic peptide that is formed endogenously by proteolytic cleavage of its precursor chromogranin A, a major protein co-stored and co-released with catecholamines from the storage vesicles in ad... |
| Purity                     | Purified                                                                                                                                                                                                                                                      |
| Form                       | Supplied as a lyophilized powder. Reconstitute with sterile dH2O.                                                                                                                                                                                             |
