| Alternative Catalog Number | USB-579656-50, USB-579656-100                                                                                                                                                                                                                                 |
| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, IF, IHC                                                                                                                                                                                                                                                |
| Immunogen                  | Recombinant protein corresponding to aa1-138 from human nuclear transition protein 2.                                                                                                                                                                         |
| Product Description        | Plays a key role in the replacement of histones to protamine in the elongating spermatids of mammals. In condensing spermatids, loaded onto the nucleosomes, where it promotes the recruitment and processing of protamines, which are responsible for his... |
| UniProt                    | <a href="#">Q05952</a>                                                                                                                                                                                                                                        |
| Purity                     | Purified by Protein G affinity chromatography.                                                                                                                                                                                                                |
| Form                       | Supplied as a liquid in 0.01M PBS, pH 7.4, 0.03% Proclin 300, 50% glycerol.                                                                                                                                                                                   |
