| Category                   | Antikörper                                                                                                                                                                                                                                                     |
| Application                | IHC, IP, WB                                                                                                                                                                                                                                                    |
| Immunogen                  | Recombinant protein corresponding to aa2703-2911 of human Huntingtin Protein.                                                                                                                                                                                  |
| Product Description        | Huntingtons disease (HD) is a neurodegenerative disorder caused by an expanding polyglutamine repeat in the huntingtin gene. HD is a mid-life onset autosomal dominant neurodegenerative disease that is characterized by psychiatric disorders, dementia, ... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                     |
| Clone Designation          | [3H2241 HDC8A4]                                                                                                                                                                                                                                                |
| Isotype                    | IgG1                                                                                                                                                                                                                                                           |
| UniProt                    | <a href="#">P42858</a>                                                                                                                                                                                                                                         |
| Purity                     | Purified by Protein G affinity chromatography                                                                                                                                                                                                                  |

|      |                                                                         |
|------|-------------------------------------------------------------------------|
| Form | Supplied as a liquid in PBS, pH 7.2. Labeled with R-Phycoerythrin (PE). |
