| Manufacturer               | US Biological                                                                                                                                      |
| Category                   | Biochemikalien                                                                                                                                     |
| Product Description        | Used in the synthesis of tetrahydroisoquinoline derivatives. Form: Yellow Solid Solubility: Acetone, Chloroform, Dichloromethane, Ethyl Acetate... |
| Molecular Weight           | 189.21                                                                                                                                             |
| Form                       | Yellow Solid                                                                                                                                       |
| CAS Number                 | [1346598-26-2]                                                                                                                                     |
