| Product Description        | 4- Bromobenzonitrile is classified as organic nitriles, which are commonly use solvents and are reacted further for various applications such as manufacture of polymers and intermediates for pharmaceuticals and other organic chemicals. Synonyms: p-Br... |
| Molecular Weight           | 182.02                                                                                                                                                                                                                                                        |
| Form                       | Supplied as a white solid.                                                                                                                                                                                                                                    |
| CAS Number                 | [623-00-7]                                                                                                                                                                                                                                                    |
