| Alternative Catalog Number | USB-044494-5,USB-044494-25                                                                                                                                                                                                                                    |
| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Category                   | Biochemikalien                                                                                                                                                                                                                                                |
| Product Description        | Brain-permeable SIRT2 (sirtuin 2) inhibitor. Synonyms: 3-(Azepan-1-ylsulfonyl)-N-(3-bromophenyl) benzamide, N-(3-Bromophenyl)-3-((hexahydro-1H-azepin-1-yl)sulfonyl) benzamide CAS Number: 420831-40-9 Molecular Weight: 437.4 Molecular Formula: C19H21Br... |
| Molecular Weight           | 437.4                                                                                                                                                                                                                                                         |
| Purity                     | 98% (NMR)                                                                                                                                                                                                                                                     |
| Form                       | Supplied as a white solid.                                                                                                                                                                                                                                    |
