| Category                   | Molekularbiologie                                                                                                                                                                                                                                             |
| Application                | WB                                                                                                                                                                                                                                                            |
| Product Description        | Source: Recombinant protein corresponding to Leu28~Lys207 from human Interferon Kappa, fused to His-Tag & GST-Tag at N-terminal, expressed in E. coli. Molecular Weight: ~52.2kD Applications: Suitable for use as a positive control, immunogen, SDS-PAGE... |
| Molecular Weight           | 52.2                                                                                                                                                                                                                                                          |
| UniProt                    | <a href="#">Q9P0W0</a>                                                                                                                                                                                                                                        |
| Purity                     | 90%. Endotoxin: 1EU/ug (LAL)                                                                                                                                                                                                                                  |
| Form                       | Supplied as a lyophilized powder in 20mM Tris, 150mM sodium chloride, pH 8.0, 0.01% SKL, 5% Trehalose Reconstitute with ddH2O to a concentration of 0.1-0.5mg/ml. Do not vortex                                                                               |
