| Product Description        | Recombinant protein corresponding to Thr197~Gln495 from porcine Fibrinogen Beta Chain, with a N-terminal His-Tag, expressed in E. coli. Molecular Weight: ~37.9kD Applications: Suitable for use as a positive control, immunogen, SDS-PAGE and Western Bl... |
| Molecular Weight           | 37.9                                                                                                                                                                                                                                                          |
| UniProt                    | <a href="#">F1RX37</a>                                                                                                                                                                                                                                        |
| Purity                     | 90%. Endotoxin: 1EU/ug (LAL)                                                                                                                                                                                                                                  |
| Form                       | Supplied as a lyophilized powder in PBS, pH 7.4, 0.01% SKL, 5% trehalose. Reconstitute with sterile 10mM PBS, pH 7.4 to 0.1-1mg/ml. Do not vortex.                                                                                                            |
