## Product Datasheet

**FAIM2 (KIAA0950, LFG, LFG2, NMP35, TMBIM2, Protein Lifeguard 2, Fas Apoptotic Inhibitory Molecule 2, Neural Membrane Protein 35, Transmembrane BAX Inhibitor Motif-containing Protein 2) (PE), Clone: [2C2], Mouse, Monoclonal 100 µg  
USB-126578-PE**

|                            |                                                                                                                                                                                                                                                               |

| Alternative Catalog Number | USB-126578-PE-100                                                                                                                                                                                                                                             |
| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Host                       | Mouse                                                                                                                                                                                                                                                         |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                  | Full-length recombinant corresponding to aa1-317 from FAIM2 (AAH00051) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                         |
| Product Description        | FAIM2 protects cells uniquely from Fas-induced apoptosis. Applications: Suitable for use in FLISA and Western Blot. Other applications not tested. Recommended Dilution: Optimal dilutions to be determined by the researcher. AA Sequence: MTQGKLSVANKAPG... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [2C2]                                                                                                                                                                                                                                                         |

|        |                                                                                                |
