| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | WB                                                                                                                                                                                                                                                            |
| Immunogen                  | Full length human NXT1, aa1-140 (AAH00759.1).                                                                                                                                                                                                                 |
| Product Description        | MaxLight(TM)550 is a new Yellow-Green photostable dye conjugate comparable to Alexa Fluor(TM)546, 555, DyLight(TM)549 , Cy3(TM), TRITC and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (550nm), Emission... |
| NCBI                       | <a href="#">000759</a>                                                                                                                                                                                                                                        |
| Purity                     | Purified by Protein A affinity chromatography.                                                                                                                                                                                                                |
| Form                       | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)550.                                                                                                                                                                     |
