| Product Description        | 1-Isopropoxy-1-methyl Oxirane is the structural isomer of 2-(Isopropoxymethyl)oxirane. Molecular Formula: C <sub>6</sub> H <sub>12</sub> O <sub>2</sub> Molecular Weight: 116.16 Storage and Stability: Store at -20C. For maximum recovery of product, centrifuge the original vial prior to re... |
| Molecular Weight           | 116.16                                                                                                                                                                                                                                                                                              |
