| Product Description        | 24S,25-Dihydroxy Fusidic Acid delta-Valerolactone is a saturated A-ring steroid impurity of 24,25-Dihydroxy Fusidic Acid (D452840). Molecular Formula: C <sub>31</sub> H <sub>48</sub> O <sub>7</sub> Molecular Weight: 532.71 Storage and Stability: Store at -20C. For maximum recovery of pro... |
| Molecular Weight           | 532.71                                                                                                                                                                                                                                                                                              |
