| Product Description        | 3-[3-(Trifluoromethyl)cyclohexyl]propanoic Acid Methyl Ester is a compound involved in the one-pot synthesis of Cinacalcet Hydrochloride. Molecular Formula: C <sub>11</sub> H <sub>17</sub> F <sub>3</sub> O <sub>2</sub> Molecular Weight: 238.25 Storage and Stability: Store at -20C. For maximum recover... |
| Molecular Weight           | 238.25                                                                                                                                                                                                                                                                                                           |
