| Product Description        | 3-Aminopentane, is an intermediate used in various chemical synthesis. It is also shown to be one of the volatile flavor compounds in fried bacon. Molecular Formula: C <sub>5</sub> H <sub>13</sub> N Molecular Weight: 87.16 Storage and Stability: Store at -20C. For maximum rec... |
| Molecular Weight           | 87.16                                                                                                                                                                                                                                                                                   |
