| Category                   | Biochemikalien                                                                                                                                                                                                                                                                                   |
| Product Description        | DOTA-ADIBO is a chelating agent for click chemistry. Molecular Formula: C <sub>33</sub> H <sub>40</sub> N <sub>6</sub> O <sub>8</sub> Molecular Weight: 648.71 Storage and Stability: Store at -20C. For maximum recovery of product, centrifuge the original vial prior to removing the cap.... |
| Molecular Weight           | 648.71                                                                                                                                                                                                                                                                                           |
