| Product Description        | Tricosane is an essential oil extracted from Cerasus subhirtella, Cerasus serrulata, and S. campanulata flowers. Tricosane can be used to develop surface-based lithium ion sensor. Molecular Formula: C <sub>23</sub> H <sub>48</sub> Molecular Weight: 324.63 Storage and Stabili... |
| Molecular Weight           | 324.63                                                                                                                                                                                                                                                                                 |
