| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA                                                                                                                                                                                                                                                         |
| Immunogen                  | Synthetic peptide corresponding to 14 amino acids near the center of SARS-CoV-2 (COVID-19) NSP14 (ExoN) protein.                                                                                                                                              |
| Product Description        | Coronavirus disease 2019 (COVID-19), formerly known as 2019-nCoV acute respiratory disease, is an infectious disease caused by SARS-CoV-2, a virus closely related to the SARS virus (1). The disease is the cause of the 2019-20 coronavirus outbreak (2)... |
| NCBI                       | <a href="#">009725309</a>                                                                                                                                                                                                                                     |
| Purity                     | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Form                       | Supplied as a liquid in PBS, 0.02% sodium azide.                                                                                                                                                                                                              |
