| Category                   | Molekularbiologie                                                                                                                                                                                                                                                |
| Product Description        | Source: Recombinant protein corresponding to aa1-242 from Staphylococcus aureus Enterotoxin type I, fused to 10X His-SUMO-Tag at N-terminal and Myc-Tag at C-terminal, expressed in E.coli.<br>Molecular Weight: ~47.9kD Amino Acid Sequence: MKKFKYSFILVFILL... |
| Molecular Weight           | 47.9                                                                                                                                                                                                                                                             |
| UniProt                    | <a href="#">O85383</a>                                                                                                                                                                                                                                           |
| Purity                     | 85% (SDS-PAGE)                                                                                                                                                                                                                                                   |
| Form                       | Supplied as a lyophilized powder from 20mM Tris-HCl, 0.5M sodium chloride, pH 8.0, 6% trehalose. Reconstitute with sterile ddH2O to a concentration of 0.1-1mg/ml.                                                                                               |
