| Article Name               | Anti-NIRF Antibody Picoband (monoclonal, 6B5) Fluoro488 Conjugated, Clone: [Clone: 6B5], Mouse, Monoclonal                         |
| Biozol Catalog Number      | BOB-M06294-1-FLUORO488                                                                                                             |
| Supplier Catalog Number    | M06294-1-Fluoro488                                                                                                                 |
| Alternative Catalog Number | BOB-M06294-1-FLUORO488-100UG                                                                                                       |
| Manufacturer               | Boster Bio                                                                                                                         |
| Host                       | Mouse                                                                                                                              |
| Category                   | Antikörper                                                                                                                         |
| Application                | FC                                                                                                                                 |
| Species Reactivity         | Human, Rat                                                                                                                         |
| Immunogen                  | A synthetic peptide corresponding to a sequence at the N-terminus of human NIRF, identical to the related mouse and rat sequences. |
| Clonality                  | Monoclonal                                                                                                                         |
| Clone Designation          | [Clone: 6B5]                                                                                                                       |
| NCBI                       | <a href="#">115426</a>                                                                                                             |
| UniProt                    | <a href="#">Q96PU4</a>                                                                                                             |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                        |
| Purity                     | Immunogen affinity purified.                                                                                                       |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Form               | Liquid                                                               |
| Target             | E3 ubiquitin-protein ligase UHRF2                                    |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
