| Species Reactivity         | Human, Mouse, Rat                                                                                                                 |
| Immunogen                  | E.coli-derived human Semaphorin 3B/SEMA3B recombinant protein<br>(Position: Y55-R624).                                            |
| Clonality                  | Monoclonal                                                                                                                        |
| Clone Designation          | [Clone: 9C4F7]                                                                                                                    |
| NCBI                       | <a href="#">7869</a>                                                                                                              |
| UniProt                    | <a href="#">Q13214</a>                                                                                                            |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                       |
| Purity                     | Immunogen affinity purified.                                                                                                      |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Form               | Liquid                                                               |
| Target             | Semaphorin-3B                                                        |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
