| Article Name               | Anti-MGMT Antibody Picoband Fluoro647 Conjugated, Rabbit, Polyclonal                                                                                                      |
| Biozol Catalog Number      | BOB-PB9266-FLUORO647                                                                                                                                                      |
| Supplier Catalog Number    | PB9266-Fluoro647                                                                                                                                                          |
| Alternative Catalog Number | BOB-PB9266-FLUORO647-100UG                                                                                                                                                |
| Manufacturer               | Boster Bio                                                                                                                                                                |
| Host                       | Rabbit                                                                                                                                                                    |
| Category                   | Antikörper                                                                                                                                                                |
| Application                | FC                                                                                                                                                                        |
| Species Reactivity         | Human                                                                                                                                                                     |
| Immunogen                  | E.coli-derived human MGMT recombinant protein (Position: D2-N207). Human MGMT shares 70% and 69% amino acid (aa) sequence identity with mouse and rat MGMT, respectively. |
| Clonality                  | Polyclonal                                                                                                                                                                |
| Molecular Weight           | Calculated Molecular Weight: 21646 MW                                                                                                                                     |
| NCBI                       | <a href="#">4255</a>                                                                                                                                                      |
| UniProt                    | <a href="#">P16455</a>                                                                                                                                                    |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> .                                                              |
| Purity                     | Immunogen affinity purified.                                                                                                                                              |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Form               | Liquid                                                               |
| Target             | Methylated-DNA--protein-cysteine methyltransferase                   |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
