| Article Name               | Anti-Mad2L1 Antibody Picoband Fluoro488 Conjugated, Rabbit, Polyclonal                                                                            |
| Biozol Catalog Number      | BOB-PB9282-FLUORO488                                                                                                                              |
| Supplier Catalog Number    | PB9282-Fluoro488                                                                                                                                  |
| Alternative Catalog Number | BOB-PB9282-FLUORO488-100UG                                                                                                                        |
| Manufacturer               | Boster Bio                                                                                                                                        |
| Host                       | Rabbit                                                                                                                                            |
| Category                   | Antikörper                                                                                                                                        |
| Application                | FC                                                                                                                                                |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                 |
| Immunogen                  | E.coli-derived human Mad2L1 recombinant protein (Position: A2-D205). Human Mad2L1 shares 94% amino acid (aa) sequence identity with mouse Mad2L1. |
| Clonality                  | Polyclonal                                                                                                                                        |
| Molecular Weight           | Calculated Molecular Weight: 24 kDa                                                                                                               |
| NCBI                       | <a href="#">4085</a>                                                                                                                              |
| UniProt                    | <a href="#">Q13257</a>                                                                                                                            |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                       |
| Purity                     | Immunogen affinity purified.                                                                                                                      |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Form               | Liquid                                                               |
| Target             | Mitotic spindle assembly checkpoint protein MAD2A                    |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
