| Article Name               | Anti-Cdk2 Antibody Picoband Fluoro594 Conjugated, Rabbit, Polyclonal                                                                         |
| Biozol Catalog Number      | BOB-PB9534-FLUORO594                                                                                                                         |
| Supplier Catalog Number    | PB9534-Fluoro594                                                                                                                             |
| Alternative Catalog Number | BOB-PB9534-FLUORO594-100UG                                                                                                                   |
| Manufacturer               | Boster Bio                                                                                                                                   |
| Host                       | Rabbit                                                                                                                                       |
| Category                   | Antikörper                                                                                                                                   |
| Application                | FC                                                                                                                                           |
| Species Reactivity         | Human                                                                                                                                        |
| Immunogen                  | E.coli-derived human Cdk2 recombinant protein (Position: E81-L298). Human Cdk2 shares 98.6% amino acid (aa) sequence identity with rat Cdk2. |
| Clonality                  | Polyclonal                                                                                                                                   |
| Molecular Weight           | Calculated Molecular Weight: 33930 MW                                                                                                        |
| NCBI                       | <a href="#">1017</a>                                                                                                                         |
| UniProt                    | <a href="#">P24941</a>                                                                                                                       |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                  |
| Purity                     | Immunogen affinity purified.                                                                                                                 |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Form               | Liquid                                                               |
| Target             | Cyclin-dependent kinase 2                                            |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
