| Article Name               | Anti-Apolipoprotein A I/APOA1 Antibody Picoband Fluoro594 Conjugated, Rabbit, Polyclonal                                                                                         |
| Biozol Catalog Number      | BOB-PB9845-FLUORO594                                                                                                                                                             |
| Supplier Catalog Number    | PB9845-Fluoro594                                                                                                                                                                 |
| Alternative Catalog Number | BOB-PB9845-FLUORO594-100UG                                                                                                                                                       |
| Manufacturer               | Boster Bio                                                                                                                                                                       |
| Host                       | Rabbit                                                                                                                                                                           |
| Category                   | Antikörper                                                                                                                                                                       |
| Application                | FC                                                                                                                                                                               |
| Species Reactivity         | Rat                                                                                                                                                                              |
| Immunogen                  | E. coli-derived rat APOA1 recombinant protein (Position: D25-A259). Rat APOA1 shares 61.7% and 68.6% amino acid (aa) sequence identity with human and mouse APOA1, respectively. |
| Clonality                  | Polyclonal                                                                                                                                                                       |
| Molecular Weight           | Calculated Molecular Weight: 30062 MW                                                                                                                                            |
| NCBI                       | <a href="#">25081</a>                                                                                                                                                            |
| UniProt                    | <a href="#">P04639</a>                                                                                                                                                           |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                      |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Purity             | Immunogen affinity purified.                                         |
| Form               | Liquid                                                               |
| Target             | Apolipoprotein A-I                                                   |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
