Product Datasheet

General Free Thyroxine (fT4) ELISA Kit BYT-ORB1806507

Article Name	General Free Thyroxine (fT4) ELISA Kit
Biozol Catalog Number	BYT-ORB1806507
Supplier Catalog Number	orb1806507
Alternative Catalog Number	BYT-ORB1806507-48,BYT-ORB1806507-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	All
Product Description	General Free Thyroxine (fT4) ELISA Kit...
Range	1.41-90pg/mL
Sensitivity	0.48 pg/mL
Samples	Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids
Target	fT4

Application Notes

Application Notes: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Free Thyroxine(fT4) protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Free Thyroxine(fT4). Next,Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Free Thyroxine(fT4) in the samples is then determined by comparing the OD of the samples to the standard curve
