## Product Datasheet

### General Malondialdehyde (MDA) ELISA Kit BYT-ORB1806509

Article Name	General Malondialdehyde (MDA) ELISA Kit
Biozol Catalog Number	BYT-ORB1806509
Supplier Catalog Number	orb1806509
Alternative Catalog Number	BYT-ORB1806509-48,BYT-ORB1806509-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	All
Product Description	General Malondialdehyde (MDA) ELISA Kit...
Range	31.25-2000ng/mL
Sensitivity	9.15 ng/mL
Samples	serum, plasma and other biological fluids
Target	MDA

Application Notes

Application Notes: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Malondialdehyde(MDA) protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Malondialdehyde(MDA). Next,Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Malondialdehyde(MDA) in the samples is then determined by comparing the OD of the samples to the standard curve
