## Product Datasheet

### General Estrone (E1) ELISA Kit BYT-ORB1806511

Article Name	General Estrone (E1) ELISA Kit
Biozol Catalog Number	BYT-ORB1806511
Supplier Catalog Number	orb1806511
Alternative Catalog Number	BYT-ORB1806511-48,BYT-ORB1806511-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	All
Product Description	General Estrone (E1) ELISA Kit...
Range	31.25-2000pg/mL
Sensitivity	8.86 pg/mL
Samples	Serum, plasma and other biological fluids
Target	E1

Application Notes

Application Notes: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Estrone(E1) protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Estrone(E1). Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Estrone(E1) in the samples is then determined by comparing the OD of the samples to the standard curve
