## Product Datasheet

### General Vanillylmandelic Acid (VMA) ELISA Kit BYT-ORB1806557

Article Name	General Vanillylmandelic Acid (VMA) ELISA Kit
Biozol Catalog Number	BYT-ORB1806557
Supplier Catalog Number	orb1806557
Alternative Catalog Number	BYT-ORB1806557-48,BYT-ORB1806557-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	All
Product Description	General Vanillylmandelic Acid (VMA) ELISA Kit...
Range	1.56-100ng/mL
Sensitivity	0.94 ng/mL
Samples	urine and biological agents
Target	VMA

Application Notes

Application Notes: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Vanillylmandelic Acid(VMA) protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Vanillylmandelic Acid(VMA). Next,Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Vanillylmandelic Acid(VMA) in the samples is then determined by comparing the OD of the samples to the standard curve
