Product Datasheet

General Creatinine (CTN) ELISA Kit BYT-ORB1806561

Article Name	General Creatinine (CTN) ELISA Kit
Biozol Catalog Number	BYT-ORB1806561
Supplier Catalog Number	orb1806561
Alternative Catalog Number	BYT-ORB1806561-48,BYT-ORB1806561-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	All
Product Description	General Creatinine (CTN) ELISA Kit...
Range	3.13-200µg/mL
Sensitivity	0.89 µg/mL
Samples	serum, plasma and other biological fluids
Target	CTN

Application Notes

Application Notes: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Creatinine(CTN) protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Creatinine(CTN). Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Creatinine(CTN) in the samples is then determined by comparing the OD of the samples to the standard curve
