| Category                   | Antikörper                                                                                                  |
| Application                | FC                                                                                                          |
| Species Reactivity         | Bacteria                                                                                                    |
| Conjugation                | PE                                                                                                          |
| Product Description        | Anti-Calothrix sp. NIES-2098 NIES2098_06580 Antibody. This antibody reacts with Calothrix sp. NIES-2098.... |
| Clonality                  | Polyclonal                                                                                                  |
| Concentration              | 500µg/ml                                                                                                    |
| UniProt                    | <a href="#">A0A1Z4FQN5</a>                                                                                  |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na2HPO4, 0.02% NaN3.                                       |
| Form                       | Liquid                                                                                                      |

Application Dilute

Flow Cytometry, Optimal dilutions should be determined by end users.
