## Product Datasheet

### Rat Extracellular Matrix Metalloproteinase Inducer (EMMPRIN) ELISA Kit BYT-ORB2667531

Article Name	Rat Extracellular Matrix Metalloproteinase Inducer (EMMPRIN) ELISA Kit
Biozol Catalog Number	BYT-ORB2667531
Supplier Catalog Number	orb2667531
Alternative Catalog Number	BYT-ORB2667531-48,BYT-ORB2667531-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	Rat
Product Description	Rat Extracellular Matrix Metalloproteinase Inducer (EMMPRIN) ELISA Kit...
Range	0.32-20 ng/mL
Sensitivity	0.14 ng/mL
Samples	Serum, plasma, lung lavage fluid and other biological fluids.

Application Notes

Application Notes: standard: 20 ng/mL. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Rat EMMPRIN. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Rat EMMPRIN. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Rat EMMPRIN, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Rat EMMPRIN in the samples is then determined by comparing the OD of the samples to the standard curve
