Human Complement factor B precursor (pre-CFB) ELISA Kit BYT-ORB3146900

Article Name	Human Complement factor B precursor (pre-CFB) ELISA Kit
Biozol Catalog Number	BYT-ORB3146900
Supplier Catalog Number	orb3146900
Alternative Catalog Number	BYT-ORB3146900-48, BYT-ORB3146900-5, BYT-ORB3146900-50, BYT-ORB3146900-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Complement factor B precursor (pre-CFB) ELISA Kit employs a two-site sandwich ELISA to quantitate pre-CFB....
Range	Please inquire
Sensitivity	Please inquire
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

Application Notes: This Human Complement factor B precursor (pre-CFB) ELISA Kit employs a two-site sandwich ELISA to quantitate pre-CFB in samples. An antibody specific for pre-CFB has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any pre-CFB present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for pre-CFB is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of pre-CFB bound in the initial step. The color development is stopped and the intensity of the color is measured
